Limited Services Clinics Application Information and Instructions

In order for a Massachusetts Controlled Substances Registration (MCSR) to be issued your limited services clinic must first be licensed by the Department of Public Health, Division of Health Care Quality (DHCQ). If you have questions about DHCQ licensure requirements, please contact the Division directly at 617 753-8000.

- All new MCSR applications (new facility, new location, ownership change, facility name change) must be accompanied
 by evidence of your new DHCQ licensure. Applications that are incomplete cannot be processed and will be returned. If
 you have questions about this requirement, please contact the Division of Food and Drugs at 617 983-6700.
- Please note that the registrant is the name of the facility, not the name of the individual who signs the application. The application must be signed by the Medical Director. Unless requested otherwise, the registration will be mailed to this person's attention.
- Please note that MCSRs are not transferable. If there is a change of ownership, name or address, the Division of Food
 and Drugs (DFD) must be informed in writing thirty days in advance of the change. A new application must be filed (with
 fee payment and DHCQ licensure), and a site inspection may be conducted prior to license issue.
- If you are completing a renewal application which was mailed to you, please note carefully the information which appears on the name and address label. Please be sure that the application information is consistent with the label.

Rev. 20080826-01
